# What is an i-Venger?

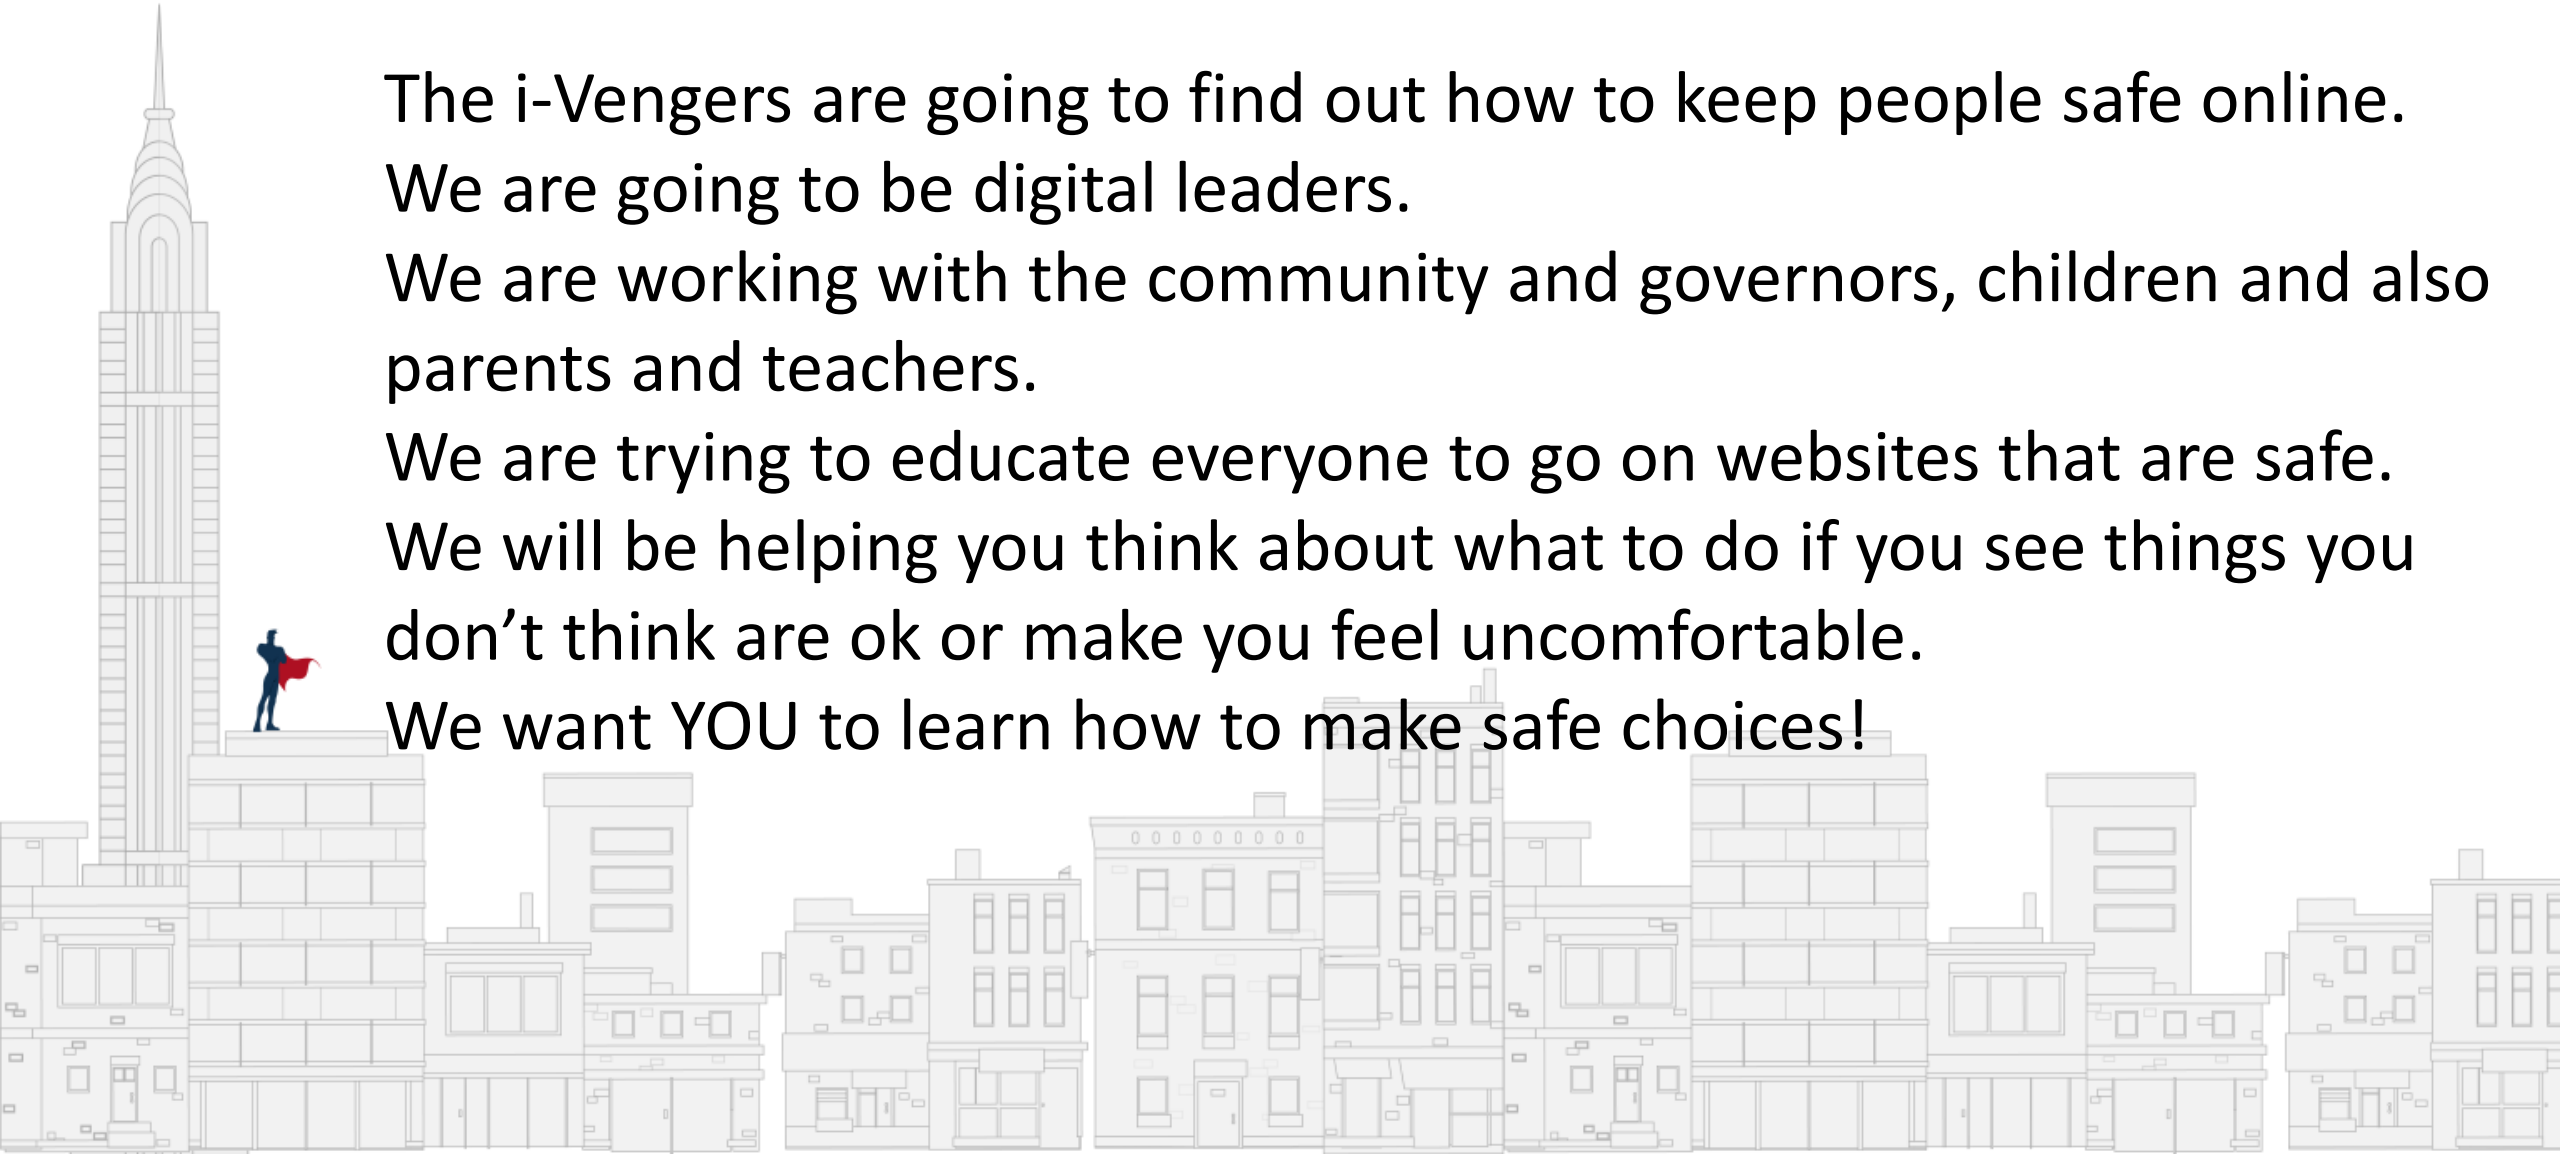

The i-Vengers are going to find out how to keep people safe online.  
We are going to be digital leaders.

We are working with the community and governors, children and also parents and teachers.

We are trying to educate everyone to go on websites that are safe.

We will be helping you think about what to do if you see things you don't think are ok or make you feel uncomfortable.

We want YOU to learn how to make safe choices!

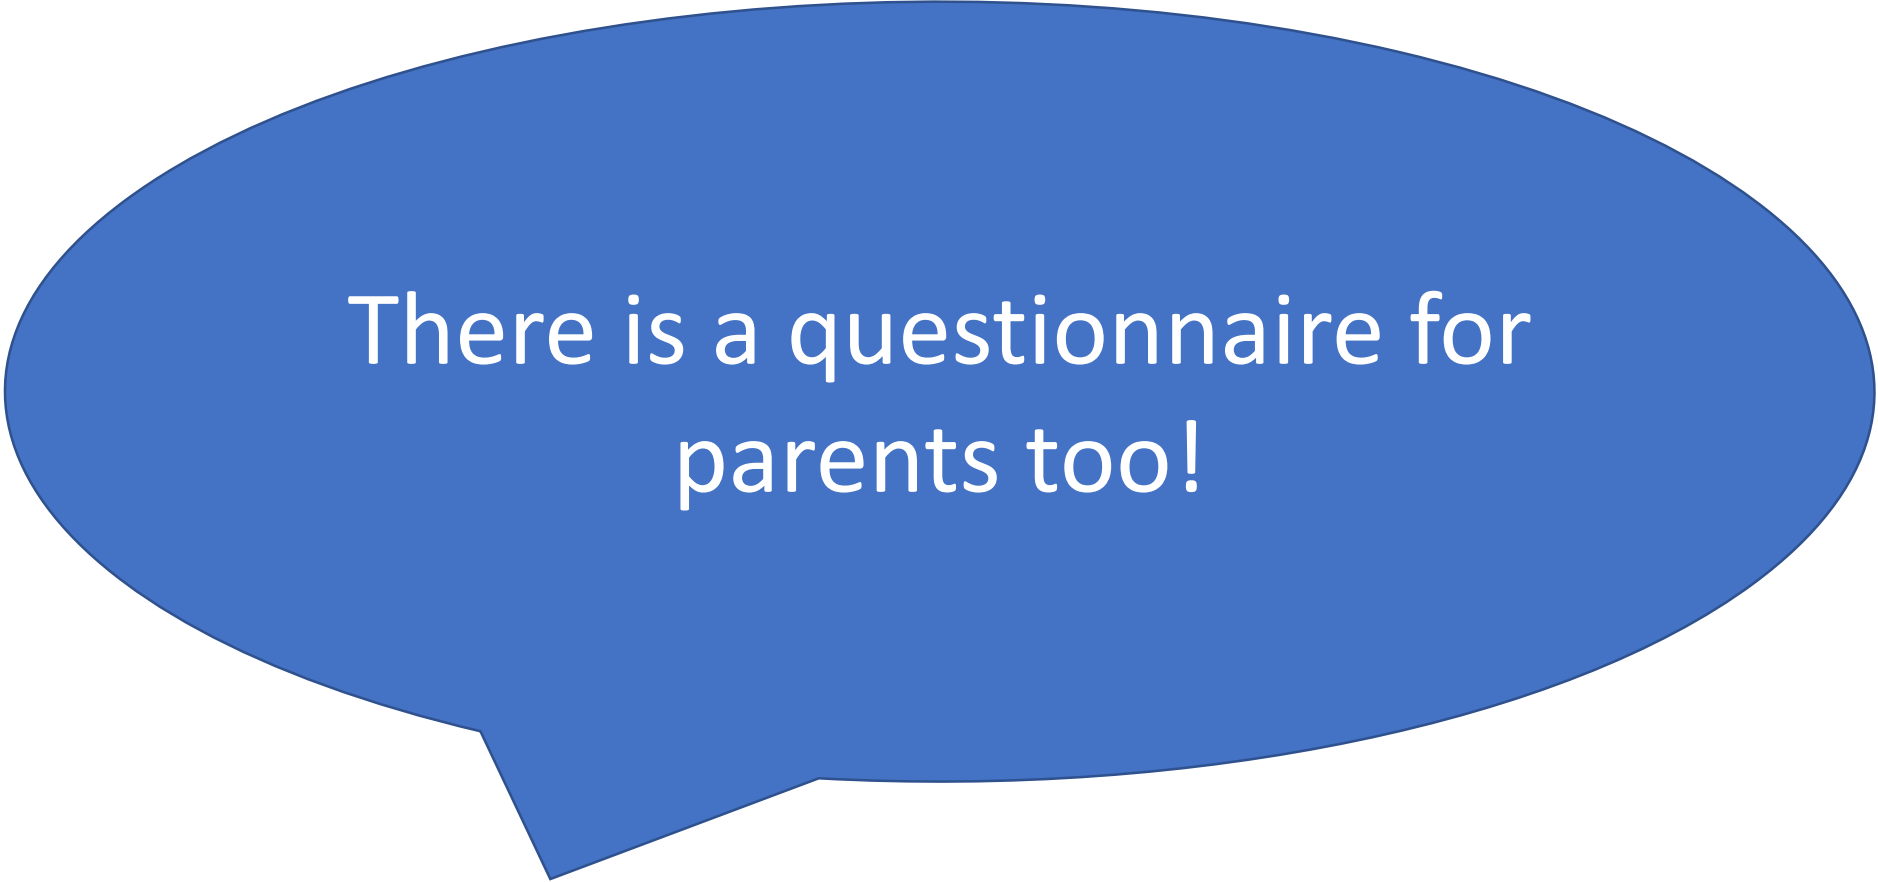

## What is our next task?

Next week there will be an online questionnaire for everyone to do – this will help us find out how, when and why we use computers, devices and the internet at home and at school. It is really important that you tell the truth – all the answers are going back to i-Vengers HQ and then the data will come back to school. The questionnaire is anonymous – this means it will not have your name on it so no one will know who has completed the questions.

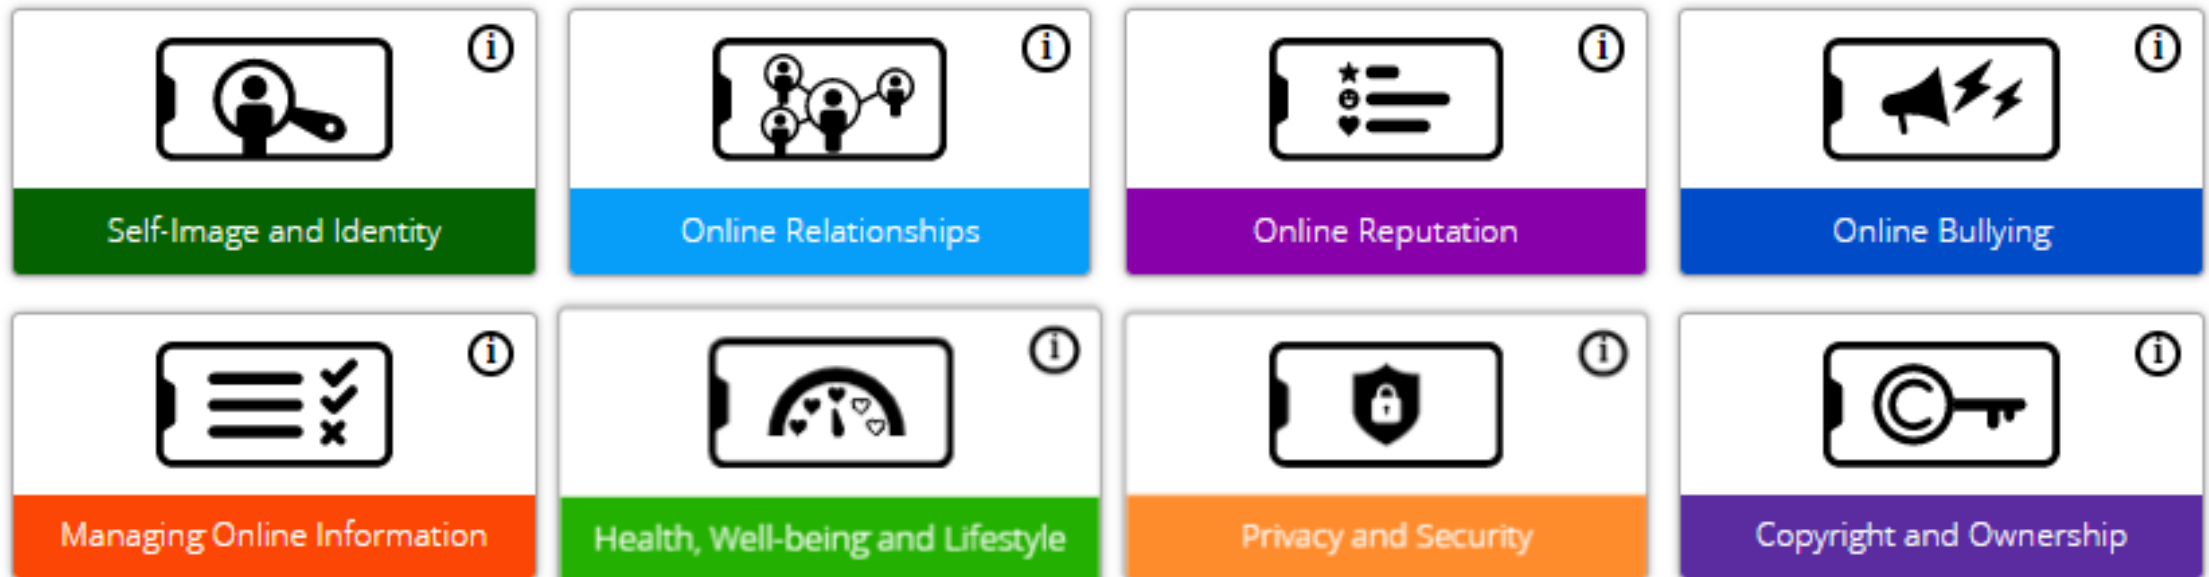

**Remember to complete  
your questionnaire  
online before half term**

A blue speech bubble with a white outline, pointing downwards and to the left. The text inside is white and centered.

There is a questionnaire for  
parents too!

# This week its on-line safety week

Make sure you know which areas of online safety you are learning about!

**The online world needs heroes...  
Heroes like you!**
